Address

Dear Name

World Education Support Personnel (ESP) Day was launched in connection with Education International's (EI) first-ever ESP Conference in 2018, following the adoption of the ESP Resolution at the 7th World Congress in 2015. The Conference endorsed a declaration on the rights and status of education workers, calling for its application worldwide.

OSSTF/FEESO will join the world on May 16 in celebrating World Education Support Personnel Day. I am looking for your support in recognizing the important role education workers plays in helping to create bright futures for all students. As you know in our choose work environment – board/university, our education workers outline a contribution your support staff make and provide a specific example.

On behalf of my state number of members members, I ask that you encourage our board/university and our name the appropriate group of managers to join OSSTF/FEESO and many others in education to recognize the contributions of education workers on May 16 and celebrate World Education Support Personnel Day. My members would like to see the board/university celebrate the day by state what you would like them to do.

Education is Ontario's best investment for a bright and secure future. Education workers play a prominent role in delivering services that contribute to our students' success. I hope that the name the employer – board or university can support the celebration of these valuable contributions.

We hope that you, as a partner in education, join us in celebrating World Education Support Personnel Day and recognize the important contributions that all workers bring to the education and well-being of our students.
